# Act today

Winston Churchill said, “We make a living by what we get, we make a life by what we give.”

Thriving communities invest in the lives of their children by providing excellent schools. The North Polk School Foundation works to support education within the community today — and in the future. The Foundation assists the community in providing opportunities. You’ll see these opportunities at work in today’s classrooms and in the development of children — the leaders of tomorrow.

A non-profit organization, the Foundation provides students and teachers with programs and resources that distinguish the North Polk educational experience from other districts. With your help, it will reach beyond budget limitations. Plus, it provides a convenient way for you to actively participate in the future of our children.

Any contribution you make will make a difference. Please consider enriching the lives of our children today while growing our leaders of tomorrow.
